

## About You

Where'd you get that rose tattoo  
Spring break in Panama City  
Was it the wrong truth or dare  
Either way it looks good on you

Where'd you get that Eagles t-shirt  
Did you see 'em when they came to town  
Or pick it up at a thrift shop  
Yeah, you wear the hell out of that hand-me-down

*There's so much I need to know right now*

***Ooo sittin' right here at the top of the world  
With you and there ain't a damn thing I'd rather do  
Yeah, life's short and this is sweet  
Slide in a little closer to me  
Yeah, ooo I wanna know everything there is to know  
About you***

Where'd you learn to talk like that  
From a cousin or one of your brothers  
If I had to bet, I bet your mother was a little wild thing too

I don't mean to cross no lines  
And I'm down with takin' my time  
We could sit and talk all night  
But I'm lovin' what I'm thinkin' what's on your mind

**(Chorus)**

(Bridge)  
Ooo I wanna know everything there is to know about you  
And if you feel the same way I do, you won't have to say a thing

**(Chorus)**
